Tolor
Allison Swift

Occupation : Singer
songwriter,
Record producer,
Actor,
Music video
director.

Taylor swift have you heard of her? If not you have probably heard one of her songs many of them make it to the radio. Including one of her most famous songs "shake it off". She has released 10 albums and is now 31 years old. One her biggest influencers was her grandma she would sing at the church when taylor was younger

Did you know Taylor swift can play 4 instruments banjo, piano, gitar, and ukulele. And has played over 4 different genres of music

Fun fact taylor is known for her generosity and once gave 500,000 to floods in tennessee

Her musical influences include Shania Twain, LeAnn Rimes, Dolly Parton, and her grandmother. Taylor knew she wanted to be a singer from the start, when she was only 11 she took a demo tape to Nashville, but was rejected by every record label in town. Taylor didn't give up, however, she knew what she wanted to do and wasn't going to take no for an answer.
